III. TEAM SELECTION

The Sacramento Girls Softball League utilizes a structured blind draft to ensure the distribution of player talent among the league teams. The process is divided into two phases—the Skills Assessment and the Team Draft.

PART A. SKILLS ASSESSMENT

1. A Skills Assessment Committee shall be formed consisting of the Division Commissioners, the Board of Directors, and experienced Coaches and Managers from each division.
2. Players will attend a skills assessment evaluation. Each player will receive a minimum of ten (10) pitches and play the field in a minimum of two different positions. The Skills Assessment Committee will evaluate and rank each player on the number of balls hit, fielding and throwing ability. Players with pitching /catching experience, or interested players, will be evaluated on these skills separately.
 - a. Tee Ball – players **will not** be required to participate in the skills assessment evaluation.

- b. Late registrations may be required to participate in a separate skills evaluation at a date to be determined by the Board of Directors.
3. Players will then be placed in groups called "rounds" based on their post-evaluation ranking, experience and age. The following rounds will be utilized in the order listed:
 - a. Pitchers – includes previous players with known pitching experience and new players (approved by the Skills Assessment Committee) regardless of age or experience. A maximum of two (2) rounds of pitchers shall be selected, with the remaining players being placed in the appropriate group as listed below.
 - b. All Stars – all players having All Star experience for the division in which they are currently playing.
 - c. All Star Nominees – all players who were nominated to the All Star Team for the division in which they are currently playing, but not selected as a member of the team.
 - d. The remaining players will be grouped according to their ranking from the Skills Evaluation and their age as of 12/31/current year. Division ages are: Tee Ball (ages 4½-6), 8-UNDER (ages 7-8), 10-UNDER (ages 9-10), 12-UNDER (ages 11-12), 14-UNDER (ages 13-14), and 16-UNDER (ages 15-16).
 4. The balancing of pitchers within the league is the first priority and shall be the responsibility of the Skills Assessment Committee.
 5. When possible, each round of players shall contain the same number of players as there are teams to be formed.
 6. When a particular round has more players than the number of teams to be formed, the players judged by the Skills Assessment Committee as least experienced for that round shall be placed at the top of the next lower round with the exception of the pitchers as listed in 3a above.
 7. When a particular round has fewer players than the number of teams to be formed, the players judged by the Skills Assessment Committee as most experienced from the next lower round will be moved up in order to make a complete round.
 8. Players requesting to play on the same team will be handled in one of the following ways:
 - a. Parents may request sisters to play on the same team. Sisters will be placed in rounds based on placement criteria. In the case of sisters with equal abilities one will be placed in the next lower round.
 - b. The daughter(s) of approved coaching staff (coach, manager or asst. coach) may be placed on their team, if so desired – limited to two. The daughter(s) of the coaching staff will be evaluated and placed in rounds the same as the rest of the players. Players with equal ability will be placed as above.
 - c. Players who request to be placed on the same team for car pooling reasons will be considered. The final decision will be at the discretion of the Board of Directors.

- d. A notation will be made on the registration form of any players requesting to play on the same team. This information will be utilized during the draft.

PART B. TEAM DRAFT

1. Manager, Coaches and Board members shall be invited to the team draft meeting. The process of selecting teams shall be considered open and may be observed by any interested member at large. Tee Ball teams shall be formed by the coaching staff and the Division Commissioner.
2. The Manager, Coach, Asst. Coach or representative will draw numbers to determine the order in which they will draft players for their team. This number shall remain the "team" number for organizing purposes.
3. The draft shall be "blind". Player cards shall be placed face down. Selection of player cards shall proceed as follows:
 - a. The team with the lowest number drawn shall select first with each team following in sequence until the team with the highest number drawn has selected; i.e. 1, 2, 3, 4, 5.
 - b. The next round will begin with the team that selected the second lowest number and continue in sequence until the last team has drawn; i.e. 2, 3,4,5,1.
 - c. Each round will continue this pattern until all players have been drawn; i.e.3,4,5,1,2; 4,5,1,2,3; 5,1,2,3,4, etc.
 - d. A log will be kept by each Commissioner of the players taken in each round and the team which received the last draft pick. This will be used later to determine any irregularities in the draft and which team(s) will start in the secondary draft.
4. No trades will be allowed.
5. Players who register after the draft will be placed on a waiting list and will participate in a secondary draft, at a date to be determined by the Board of Directors. They may be required to participate in a skills evaluation and be ranked accordingly. Players will be required to complete a registration form and pay league fees before being placed on the waiting list. The waiting list will be utilized until one-third of the scheduled games have been played or all teams have full rosters. At that time the list will be abolished and all fees refunded.
6. In the event a team loses a player(s) from its original roster, that vacancy will be filled first from the players on the waiting list with a player of equal ability, if possible. Every effort will be made to have an equal number of players on each team. Commissioners must confirm with parents that a player has dropped.
7. If a situation arises pertaining to the placement of a player on a team, or any other related issue in the team selection process, that is not covered by any of the rules listed in Section III, Team Selection, or any other of the league rules, a decision will be rendered by the Board of Directors based on what

will be the most beneficial for the player and the Sacramento Girls Softball League.
